

# RevStream TV

## What is RevStream TV?

RevStream TV is a first-of-its-kind streaming service offering dealerships a custom streaming solution to increase revenue.

RevStream TV is a turnkey streaming platform designed to work in a single or multiple locations. We leverage your existing TVs to entertain and drive additional sales with your existing customers. Our system is easy to use, completely customizable, and gives you control over what and when content plays. We draw eyeballs to your products/services by giving you access to relevant content your audience will appreciate and enjoy watching.

## 3 easy steps

### Step 01

We install a control box on each TV

### Step 02

Create custom elements for your channel

### Step 03

Schedule programming for your streaming channel
